

## Congress Seeking To End Work of Special Session

Legislative Program Being Driven Forward in Order That Recession for Summer May Be Taken Next Month—Committees Meet—Senate Limits Debate.

Washington, May 25 (AP).—Congress passed up half of its week-end today to drive forward with the administration's legislative program in the hope of hastening the start of a recess next month which may continue all summer.

The Senate has been told by Senator Watson of Indiana, the Republican leader, that no such vacation can be contemplated until the farm relief and census-reapportionment bills have been sent to the White House and the tariff measure passed by the House and referred to the Senate finance committee for reworking.

The census-reapportionment bill, providing for the 1930 population count and rearrangement of the House membership on the results of that enumeration, was still the "unfinished business" of the Senate today despite the agreement which limited debate on it after 3 p. m. Thursday. After passage by the Senate, it will have to be acted on by the House.

That chamber is speeding toward a vote on the tariff bill at 3 p. m. Tuesday, under the special rule adopted yesterday by a vote of 224 to 158, which practically shuts off all amendments except those introduced through members of the ways and means committee. Debate on these amendments is limited to five minutes, and more than 20 of the 91 thus far approved by the committee were adopted yesterday in rapid succession.

### Committee in Session.

The committees representing the Senate and House in their disagreement over the form of the farm relief bill, meanwhile were called for their fifth meeting today. The members were still optimistic even though they have been unable to start their task—of bringing the measures passed by the two chambers into agreement pending a decision on the course to pursue with respect to the export debenture section of the Senate bill.

The House group has insisted that this proposal must be eliminated from consideration before other differences can be taken up. The Senate has been reluctant to reconsider its action, fearing a lengthy debate unless they can present a formal conference report showing a disagreement. The House group object to having it mentioned in such a report, holding that the Senate had no right to initiate such legislation and desiring, for that reason, not to give it recognition.

### Tariff Amendments Adopted.

The tariff amendments adopted by the House yesterday provided chiefly for increases in rates over those proposed by the ways and means committee. They touched the schedules affecting live cattle, butter and butter substitutes, cotton, shirt collars and cuffs not specifically provided for, cotton belts and ropes for transmission of power, matches, oleic and stearic acid, bristles, cotton wiping rags, and cotton gloves of the summer type.

## Hotel Stuyvesant Undergoes Huge Transformation

New Furnishings Supplement Extensive Changes in Decorative Scheme—Many More Improvements Planned—Roof Garden May Be Added.

During the past several weeks there has been taking place at the Hotel Stuyvesant a great transformation which has gradually changed the hotel from a bare, cold appearing place into a rich home-like and comfortable place to stop. Much of the work which has been done by Mr. Trimm since he took over the management last fall is not, however, visible to the guest but is making for the comfort of the patrons of this famous hotel.

To the guest the transformation in the lobby, writing room and in the ladies' room and hallways is most pronounced. In place of the bare floor, old furnishings and cold walls have appeared interior decorations and furnishings which give an air of home to the hotel. All of this interior decoration scheme has been carried out under the personal direction of Mrs. Trimm and all of the furnishings, floor coverings and drapes are custom made to fit the exact requirements of the Hotel Stuyvesant.

### Main Lobby and Hallways.

In the main lobby is a large Royal Wilton rug which is the largest in the entire lobby floor. In the writing room, ladies' room and hallways are rugs and runners in keeping with the color scheme of the hotel. The entire furnishings of the lobby and public rooms on the lower floor are entirely new, having been furnished by Stock & Cordts, Frank Messinger has transformed the lobby by a complete re-decorating and painting job. New electric light fixtures have been installed together with wall brackets and floor lamps and all this has been done in contrasting color scheme under Mrs. Trimm's direction. The color scheme is cream and terra cotta with a dark stain to all woodwork. Curtains have been placed at the windows and after the warm weather is past there will be drapes added to complete the decoration scheme. Ferneries and window boxes will be placed at all lower floor windows before the alterations are complete.

### Unightly Stand Eliminated.

In order that the clerk may take care of the clear and newspaper stand, this department has been moved to the desk and the old unightly stand has been eliminated. The lobby has also been fitted out with uniforms which will be in keeping with the general color scheme of the hotel. Although many improvements have been made and there is a new atmosphere about the place, Mr. Trimm contemplates more. He has under consideration the erection of a roof garden where dining and dancing may be enjoyed by the people of Kingston and guests.

### Dining Room Improvements.

The dining room has also come in for its share of the alterations and new furnishings since Mr. Trimm has been in charge of the hotel. Many improvements have also been made to facilitate service. The service pantry has been changed and made into one compact unit with modern fixtures. In place of the old system of numerous ice boxes there has been installed a central refrigeration plant which operates automatically, keeping the various cooling devices at a proper temperature. In the central refrigeration room even the ice which is needed for house service is manufactured mechanically. Here 600 pounds of ice can be made every eight hours. In the kitchen the old coal ranges have been disposed with and in their place gas ranges have been installed. This change was made overnight without the suspension of service.

### Central Room for Supplies.

A central store room where supplies are delivered at the door has also been arranged and throughout the service department alterations have been made to give a complete organization which eliminates lost motion in the work and makes the work of the employees much easier. Throughout the lower or basement floor the public rooms have been repainted and redecorated and modern sanitary fixtures have been installed.

Considerable more will be done by Mr. Trimm before all things will be as he desires in order that the traveling public may be efficiently and comfortably served.

### INSTITUTE WEEKLY DANCES AT RUBY HOTEL.

Martin Ryan, who for the past few years has conducted the Ruby Hotel at Ruby, announces that beginning Sunday evening, May 26, the hotel will institute a new policy. On each Sunday evening thereafter a dance and social will be held, and this policy will continue in force as long as the dancers of the community and surrounding places demand it. In the past the Ruby Hotel has held dances occasionally but now it is planned to have them each week. Mr. Ryan, who is well known throughout the community, states that nothing but the best order will be maintained. Good music will be furnished and a splendid evening's entertainment is assured all those attending. The public is cordially invited. Refreshments will be served.

## 'Mail Order' Bride Awaits Sentence

Evidence Shows She Struck Husband on Head With Iron Griddle, Severely Injuring Him—Children Testify Against Their Mother.

Newfane, Vt., May 25 (AP).—Mrs. Laura Woodard Haverly, "mail order" bride, was in jail here today awaiting sentence for assault with intent to kill her husband, Thomas Haverly, of Brattleboro, while he was asleep in their home early on the morning of April 30. She was convicted by a jury yesterday. The sentence, which may be a maximum of 30 years in state prison, probably will be imposed Monday.

Evidence was set forth by the state during the four days of the trial that Mrs. Haverly struck her husband on the head with an iron griddle, severely injuring him, after she failed to induce her son, Raymond Loddard, 21, to slay his stepfather.

Raymond and Mrs. Woodard's daughter, Pearl, 15, both testified their mother committed the crime. It was believed the case against Raymond, charged with assault with intent to kill, and against Pearl, charged with forgery, will not be pressed. The two fled from the Haverly home after the assault and were arrested later in Canton, Pa. They said they ran away because of fear of the consequences of the assault.

A desire to obtain the principal of her husband's life insurance policies was declared by the state to have been the motive for the crime. Haverly met his wife through a matrimonial agency. He was a house painter, 56 years old. She was 48.

## Marion Talley Buys Kansas Farm

Kansas City, May 25 (AP).—Marion Talley of Kansas City, late of the Metropolitan opera, has made clear her decision to retire from the operatic stage for a farm. The singer arrived home yesterday and announced the purchase of 640 acres near Colby, in the heart of the Kansas wheat belt. The farm is 12 miles north of Colby, 400 miles from Kansas City and 200 miles from Denver. Miss Talley described it thus:

"It's a mile square with wheat up to my knees and everything to make a really fine home—in the rough." Miss Talley said she plans to stock her farm and that her chief interest would be saddle horses. "I love to ride and it wasn't any fun creeping over the bridge paths in Central Park," she said. "But, of course, I'll have cows—Holstein cows because they give good milk and go well with western Kansas. And they raise fine turkeys in that country, and chickens and guineas."

Although the singer plans to enter fully into the new phase of her life, she will continue her music studies. Her phonograph record contract will not expire for three years, she said.

## A Diphtheria Clinic Monday

Monday afternoon from 3 to 4 o'clock another of the series of free diphtheria clinics will be held at the rooms of the board of health at the city hall and will be in charge of Dr. L. E. Sanford, health officer. Parents who desire to have their children immunized from diphtheria should make it a point to bring the children to the clinic Monday afternoon so that they may receive an injection of toxin antitoxin.

## Attempts New Endurance Fly

Metropolitan Airport, Los Angeles, May 25 (AP).—Herbert J. Fahy, took off at 5:15 o'clock (Pacific coast time) this morning in an attempt to establish a new record for solo endurance flying. Fahy's Lockheed-Vega monoplane carried 435 gallons of gasoline, nine gallons of oil and other supplies to last 49 hours. He planned to beat the official mark of 34 hours and 50 minutes established in New York by Martin Jensen.

Before the take off Fahy stored a rabbit's foot in the plane for good luck. This same rabbit's foot rode with Captain Frank Hawks on his transcontinental non-stop flight last year and also aboard the army monoplane Question Mark during its record-breaking flight here last January.

### TO HOLD LECTURE SERIES AND PAINT DEMONSTRATIONS.

Next week the Kingston Dry Dock & Construction Company will hold a series of lectures and demonstrations on modern methods of home demonstrations, commencing Monday at the company's store on upper Broadway. Mrs. J. Seel, a decorator of the DuPont home decoration service, will be at the store to give talks on the use of color in decorating various rooms. It is also expected that she will hold classes in Duco decoration during her stay in Kingston.

## Ambassador of Britain Willing To Forego Liquor

If United States Intimates Desire to Cancel Privilege of Diplomats of Importing Liquor Into the Country, He Will Cooperate With Other Diplomats in Complying.

Washington, May 25 (AP).—Sir Esme Howard, the British ambassador, is personally willing to relinquish the time-honored privilege of importing liquor into the United States enjoyed by foreign diplomats. "If the United States intimates a desire to cancel the privilege," he said at New York last night, he will be glad to cooperate with other members of the diplomatic corps in complying.

It was made clear in a statement issued by the British embassy here that the ambassador, who is dean of the diplomatic corps, was expressing his personal opinion and was not speaking on behalf of the corps. The ambassador's statement was drawn from him after he had been shown an article prepared for publication in a number of newspapers this morning dealing with correspondence between Sir Esme and James T. Carter, Lynchburg, Virginia, lumberman.

The article shown to Sir Esme, the embassy statement said, was incorrect. The embassy declined to make public the correspondence without the consent of Mr. Carter, who initiated it.

### Carter Sent Letter to Hoover

A copyrighted article from Lynchburg published by the Washington Post this morning, which was not shown to Sir Esme, says that Mr. Carter, whom it describes as a prohibitionist, sent the ambassador's letter and a copy of his own original message to President Hoover with a demand that "necessary steps be taken immediately to accept the proposal of the British ambassador."

The lumberman, questioned at Lynchburg early today, declared he had not kept a copy of the ambassador's letter and refused to comment on it or divulge the contents of his message to Sir Esme. The Post's Lynchburg article says Mr. Carter approached President Hoover with his demand "armed with a letter from Sir Esme Howard, intimating that withdrawal of the privilege of diplomatic liquor would be gladly accepted and scrupulously adhered to."

"The gratuitous offer of the envoy to forefeit the liquor privileges on behalf of the diplomatic corps in the event such a suggestion were made by the American government," the article continues, "was in reply to 'join hands with the better element of the people of the United States and try to help us enforce the prohibition laws of the country.'"

### Has Given Thousands For Prohibition

The Post quotes Mr. Carter as saying: "I can do no more; the rest is up to President Hoover. Poor though I am, I have given thousands of dollars to support the prohibition cause of this country and I resent this importation of liquor by foreigners into the United States. I look at this question in a different way from most people, and it was in that spirit I sent my letter to the British ambassador."

## Ford Favors Dry Law Enforcement

Tells President Hoover He Is Opposed to Modification—Talks With Newspapers About Engines and Bugs Cures.

Washington, May 25 (AP).—Henry Ford wants to see the prohibition laws enforced rather than modified. That was the burden—as far as he let it be known afterward, at any rate—of his luncheon conversation with President Hoover yesterday at the White House.

"Prohibition is here to stay," he told newspapermen as he emerged from the White House. "Prohibition must be enforced. There can be no turning back. I do not believe the people of the country want modification."

Replying to questions, he also expressed the opinion that Diesel type engine had not been sufficiently developed for him to consider their use in airplanes and automobiles. He said he thought the gasoline engine, being much cleaner, was better suited to automobiles and the oil burning engines, though cheaper to operate, were too heavy as now developed for use in airplanes.

His visit to the White House followed a successful hunt in the old city of Alexandria, Virginia, near Washington, for early American antiquities to add to his Dearborn, Michigan, collection. Browsing and delving at great length, he purchased two Betty lamps, once owned by a niece of General Robert E. Lee; a pair of bronze vases; a banjo-shaped barometer said to be more than 200 years old; a colonial sideboard; a ladder-backed chair; a brass bell, a melodion of the Civil War period, and an album.

## Memorial Service At Kingston Point

The memorial services for sailor and soldier dead will be held at Kingston Point Sunday afternoon, May 26, at 3 o'clock. These services are for the soldiers who lost their lives at sea in the Civil War, Spanish War and World War. The services will consist of speeches and strewing of flowers on the Hudson.

All arrangements are being made by a committee of the Ladies' Auxiliary, No. 53, of Tappan Camp, No. 1, Sons of Union Veterans of the Civil War, and are in charge of Mrs. Eugene A. Flicker. Music is kindly donated by the American Mechanics' Band.

### The Program follows:

- Selection by the Band.
- Parade Post.
- Singing—Never My God to Thee.
- Ritual Services.
- Prayer by Chaplain of Pratt Post, No. 127.
- Duet by Mrs. Clayton Smith and Miss Florence Wheeler.
- Address by Harry H. Flemming.
- Strewing of flowers by officers and members of Auxiliary 53 of Kingston and visiting auxiliaries of Newburgh and Poughkeepsie.
- Address, Past National Patriotic Instructor Sister Mary Stapleton of Albany, representing all auxiliaries of the Sons of Veterans.
- Recitation by Gloria E. Mayes.
- Representatives of Boy and Girl Scouts and Girl Reserves.
- Commander of Pratt Post, No. 127, G. A. R., Henry S. Jennings and comrades cast flowers.
- Tappan Camp, No. 1, Sons of Union Veterans, Commander James S. Krom.
- Address by the Rev. James A. Leach of Trinity Methodist Church.
- Representatives of Daughters of American Revolution.
- Representatives of Spanish War Veterans.
- Representatives of Foreign War Veterans.
- Representatives of American Legion, No. 150, Commander Roy Jacobs.
- Representatives of Ladies' Auxiliary of American Legion, President Mrs. Hilda Glendenning.
- Singing, America.
- Recitation, Mrs. Flicker.
- Benediction.
- Firing squad and taps by members of Foreign War Veterans.

### MRS. GENE TUNNEY OUT OF DANGER, SAY DOCTORS

Pola, Italy, May 25 (AP).—Mrs. Gene Tunney, the former Polly Lauder, who suffered a relapse yesterday in her recuperation from an operation of several weeks ago, was stated by her physicians today to have improved.

The wife of the former heavyweight champion underwent an emergency operation on April 29 for an old undiscovered appendix abscess, and a long and difficult convalescence was expected.

When she showed an increase in temperature, Tunney became alarmed and called in several doctors from the mainland.

Professors Zadro, director of the naval hospital at Rovigno, and Roberto Cristoforetti, noted Trieste doctor, examined Mrs. Tunney yesterday and later declared she was out of danger.

### Accepts Office Position.

Miss Emily Rosenfield of New Paltz, a member of the class of 1929, the Moran Business School, Burgin Building, has accepted a stenographic office position with Attorney J. N. Vanderlyn, Main street, New Paltz.

## Local Dry Agents Economic Future Seek Cases Coming of Europe Depends Under Jones Law Upon One Man

Claim They Found Two in Dutchess County on Friday—Visited Six Places and Claim They Purchased Liquor in Two of Them.

The first two liquor cases which come directly under the new Jones law in this vicinity will be watched with considerable interest by many people. On Friday the federal agents from the Kingston office visited several towns across the river and as a result of their visits in six places, two places were found which they claim come within the provisions of the Jones law which prescribes very strict penalties. They were the Strissing House at Pine Plains and the Stickle Road House on the Stamfordville road out of Lafayette.

In both of these places the agents claim they purchased alcoholic beverages. Under a careful reading of the Jones law as it apparently will be applied the possession of liquor is not a serious offense but the sale of liquor is a serious charge. At prohibition headquarters in this city it was said that the two cases made Friday were the first which have been made in this locality which will consider the Jones law penalty.

### First Stop Was Rhinebeck.

Traveling from Kingston the agents stopped at William Pottenburgh's place at 1321 West Market street, Rhinebeck, where they executed a warrant and found alleged rye, applejack, gin, beer and home brew.

Melvin Finker, who conducts the very appropriately named "Swallow Inn" at Millerton, also received a visit and the agents are reported as having found applejack and beer on the premises.

Edward Glanotte of "Happy Inn" at Mt. Riga came next under the eyes of the federal men. There the agents found 16 fifty-gallon barrels of cider, a great quantity of home brew and some alleged applejack.

Louis F. Greenbeck of "Lafayette Lodge", Red Hook, was also visited and there the agents found alleged applejack in considerable quantities. All of these men were paroled for a hearing before U. S. Commissioner Flannery at Beacon on Tuesday.

### Brought Within Jones Law

Visiting the farm house of Harry Stickle near Lafayette, where the agents found what appeared to be a farm house, they entered and asked for a drink of whiskey. The place is known as "Stickle Road House." The agents claim they were served with a drink of alleged whiskey and also beer and after paying for the drinks they executed search warrants and placed Mr. Stickle under arrest, charging him with sale of liquors. In executing the search warrant the agents claim they found 624 bottles of beer, gin, wine and apple whiskey. Stickle will be arraigned before U. S. Commissioner Flannery Tuesday on a charge of sale and possession. The sale charge brings him directly under the Jones law.

### Visit Pine Plains

Visiting the Stissing House at Pine Plains the two agents entered the place and went to the bathroom where the found William Moore in charge as bartender. There they allege they purchased two drinks and after the money for the drinks had been accepted and rung up the agents executed search warrants on the premises. They found alleged rye whiskey, one bottle of which was behind the bar, and then placed under arrest William Moore, the bartender, and Edward Schrowang, proprietor of the place. Both will be arraigned before U. S. Commissioner Flannery at Beacon on Tuesday and this case, too, will come under the Jones law provisions.

## Fifth Refusal Of Bishopric

Dr. Drury Declines Position of Bishop; Conductor of Protestant Episcopal Diocese of Philadelphia to Which He Was Elected.

Philadelphia, May 25 (AP).—The position of bishop conductor of the Protestant Episcopal diocese has been refused by the fifth man within a year.

Dr. Samuel S. Drury, headmaster of St. Paul's Church, Concord, N. H., is the latest to decline it. His refusal was contained in a telegram received last night by Dr. Edward M. Jeffers, chairman of the committee which notified Dr. Drury of his election. The message stated he was prepared to accept the appointment, but that "after further inquiry, you show me that this appointment must be of a wholly indeterminate duration and I feel no longer impelled to leave work of assured usefulness to accept the post, honorable as it is."

Dr. Drury was elected at a special diocesan convention on May 6. Announcement of his declination came shortly after Bishop Thomas J. Garland, head of the diocese, had refused to give him any assurance as to when the bishop might retire and allow Dr. Drury to exercise the right of the bishop conductor to succeed to the office of bishop.

Bishop Garland termed Dr. Drury's request for a definite date on which he might succeed to the bishopric as "unparalleled in church history," and added he would continue to have special elections for a conductor until one was found who would accept.

Payment of Annuities to Creditor Nations by Germany Involves Terrible Debt Extending Over Many Years—Acceptance or Refusal of Creditors' Offer Up to Dr. Schacht.

Paris, May 25 (AP).—Dr. H. J. Janmar Schacht, German reparations spokesman, has before him probably the most difficult decision of his life. In it, no matter what its character, will be bound Germany's and Europe's economic future for decades to come.

Fifteen weeks' parleying between him, his German conferees and the financial experts of six creditor nations appeared today to be all but concluded, with negotiations at a stage where on a single person's assent or non-assent rested success or failure. And it appeared that person—in this case Dr. Schacht—must answer, either today, tomorrow, or Monday.

Briefly, the reparations parley today had simmered down to acceptance or refusal of an offer tendered by the creditor nation delegates with the understanding it was their last word.

The offer entails annuities continuing through 39 years, starting at 2,050,000,000 marks (about \$492,000,000) in settlement of claims against Germany arising out of the war. In addition there was another requisite of additional annuities of 25,000,000 marks of Belgium to cover depreciation of Belgian currency during the German occupation, and conditions making a large part of the annuities unconditional to permit commercialization, and refusing certain German reservations, previously made.

### Acceptance Involves Future Complaints.

If Dr. Schacht accepts the creditor nations' final offer, based essentially upon a so-called compromise by Owen D. Young, American chairman of the conference, and it is ratified at Berlin, his nation will assume a debt burden of something less than \$10,000,000,000 present or capital value. Dr. Schacht has been told grandchildren of living German children will still hear charges the settlement was not the best possible obtainable.

On the other hand, refusal of the offer, which is considerably less than the allies were willing to concede possible when the conference started, it was pointed out today, will leave European finance in the state of suspension from which it has suffered during the post war period.

### Failure Might Precipitate Crisis.

The ensuing ill will, should the conference break up, might compromise Germany's international financial standing just as failure to settle the galling problem might precipitate a financial crisis at Berlin, if not now years from now. The allies, sure in their collection of the Dawes plan's larger annuities, have less to lose. The principal bone of contention, it appeared, has come to be the Belgian claim for redemption of German marks issued during the war, the claim which would be satisfied by the additional annuities of 25,000,000 marks for 37 years.

## Green Flash May Get Away Sunday

Old Orchard Beach, Me., May 25 (AP).—A Sunday getaway of the Green Flash for Rome and the Yellow Bird for Paris hinged on weather reports as the crews of the two planes turned for recreation today to the christening of a new aircraft.

Roger Q. Williams and Lewis A. Vancey of the Green Flash and Armand Lotti, backer of the Paris hop, decided their plans needed only refueling to put them in readiness. A tentative zero hour was set at 8 a. m. tomorrow.

Announcement was made that a big "Savo-Marchetti" amphibian, turned out by the Avia Transportation Corporation, of which Williams is president, would pair up with a coastward amphibian to accompany the trans-Atlantic planes during the first hour of flight.

It was arranged for Williams to christen the craft, which is named for him, when it arrived here today from New York.

### PLAY AND ENTERTAINMENT.

#### AT KATRINE ON TUESDAY

A play and entertainment, "The Old Maids' Convention," will be given Tuesday evening at the Lake Katrine Grange Hall at Lake Katrine, by the ladies of St. Paul Lutheran Church on Hasbrouck avenue. The entertainment was recently given in the church here and made a decided hit.

#### Meet Monday for Blind Sale.

The women of the various city churches are reminded that on Monday afternoon at 2:30 o'clock there will be a meeting of all who are interested in helping with the sale of articles made by the blind people of New York, at the city library. It is hoped that all interested women will be present.

## Rob Contractor Of \$10,000 Cash

Newark, N. J., May 25 (AP).—The third hold-up in the metropolitan section of North Jersey in less than 24 hours was reported by North Plainfield authorities today. William Stites, a contractor, was held up on a road and robbed of \$10,000 in cash by three gunmen.

The robbery which Stites reported brought the total stolen since yesterday to \$49,780. Four gunmen escaped with a \$2,500 payroll from the offices of Morrison and Sherman, contractors, in Elizabeth this morning, and a gang of five raided the East Orange Trust Company yesterday getting away with \$27,820.

Stites was found bound to the steering wheel of his truck in Greenbrook road by a motorcycle patrolman. He reported he was overhauled by three men in a roadster while he was on his way home with \$10,000 he had received a bit earlier from a Manhattan company.

### INSTRUMENTS DESTROYED.

#### SUPERSTITION BLAMED

Florence, Italy, May 25 (AP).—Florentine police today laid at the door of a strange medieval superstition destruction of prized seismological instruments belonging to the celebrated seismologist, Father Alfani.

Father Alfani returned yesterday from a trip to Bologna province, stricken recently by a series of earthquakes, and found someone had broken into his observatory and smashed his precious instruments. Some of them he had invented himself. These cannot be replaced without vast labor.

It was believed the long continued earthquakes may have aroused a belief the instruments had something to do with causing them. Two young men have been arrested.

**When in New York**  
make your home at the  
**Knickerbocker**  
Just East of Broadway  
on 45th Street

The many very particular people in New York, over night or a longer stay, on other place seems quite so comfortable or so agreeable.

They call themselves the Knickerbocker Family, the guests of this New Hotel—service is so pleasantly personal.

Right in the center of "things," yet just enough East of the bright lights of Broadway to avoid the crowds.

Large, airy rooms with private bath from \$8.50, or with connecting bath from \$9. Club Breakfast from 40c. Luncheon from 65c. Table d'hôte Dinner, \$1.25.

Reservations in advance desirable.

## FRESH FLOWERS For Every Occasion

Bedding Plants, Garden Furniture, Cabbage, Cauliflower, Tomato and Pepper Plants. Garden Seeds of all kinds (the same as we plant in our garden).

## HERE YOU ARE! an Aluminum Washer

for  
**\$98.00**

Here is the washing machine value which you have always hoped for—a distinctly high quality, aluminum washer for less than \$100. The new Big 3 "Speed Queen" has made your wishes come true. Note the features below and then come in and see this remarkable washer for yourself.

Ten Leading Features:

1. Washes in 2 to 7 minutes.
2. Standard Capacity.
3. Washes thoroughly clean. No scrubbing—no hand rubbing.
4. Washes delicate fabrics with safety.
5. Wringer wrings and spins in any position.
6. All-metal wringer with semi-balloon rolls. Easy on buttons.
7. High grade 1/2 H. P. electric motor.
8. Quiet and smooth in operation.
9. No oiling necessary.
10. Attractively finished in beautiful colors.

**SPEED QUEEN**  
Aluminum Washer

**CARL MILLER & SON**

674 BROADWAY.

## Underneath the City Hall Dome

MAKES WOODEN SHOES

Orange City, Iowa (AP)—In the heart of the corn belt, where conceals itself the cattle and hogs whose hides eventually go into the manufacture of shoes, a native of Holland operates what is believed to be the only wooden shoe factory in America.

Jacob Van Hoff learned the art of making wooden footwear in the Netherlands.

Here he found that numerous orders for wooden shoes were sent to Holland each year, and so set about to supply the demand. Now he ships his shoes, many of them of souvenir sizes, to all parts of the country.

The making of wooden shoes is a tedious process. It requires the cutting of the trees, which then must be cut into triangular blocks before the shoe-making process starts. With a broadaxe, Van Hoff shapes his block into the length and shape of the shoe he is to make.

He then smooths the shoe into its final shape, after which he hollows it. The shoes are scraped with glass to make them as smooth as possible. Van Hoff makes shoes from cottonwood or willow trees.

## GLASGOW GANGS BUY CONTRACTS OF TOUGHS.

Glasgow, Scotland, May 25 (AP)—Lawless gangs in Glasgow are so thoroughly organized that they buy and sell contracts for members of gangs like American baseball players, according to city authorities.

"A gangster who is clever with a razor or has real ability in wielding a belt is particularly in demand," the public prosecutor declared in the trial of a gang case.

## Sullivan-Clinton Campaign Map

The New York State Education Department has issued a unique map prepared to show the geographical extent and the historical significance of the Sullivan-Clinton Campaign in 1779.

Most persons regard this campaign as a minor expedition for the sole purpose of punishing the hostile Indians of Western New York in retaliation for their raids on the frontier settlements. That idea did lie behind the project, to be sure, but in the minds of Washington, George Clinton, and Congress there were other purposes much more important. The map shows:

That the campaign was one of the largest offensive movements in the whole War of Independence.

That it was made up of four distinct operations: (1) the drive of Colonel Van Schaick against the Onondagas; (2) the march of Colonel Brodhead up the Allegheny river; (3) the expedition of General James Clinton from Canajoharie to Tioga; and (4) the movement of General Sullivan from Easton, Pa., to the Genesee country.

That the campaign was planned to cut off supplies of corn, dried vegetables and dried fruit which were used by the British Army.

That the most important object was to stake down claims to western territory so that when the treaty of peace was made the Young Republic would have opportunity to expand to the interior of the North American Continent.

Accompanying this map are plans of the Battle of Newtown and the Ambuscade of Groveland. A list of major and minor observances is also included.

Copies of the map may be obtained by writing to Dr. A. C. Flick, State Historian, Albany, N. Y.

## Parachute Jumps Tonight, Sunday

The rainy weather of last week made it impossible for Eric Lindgren to thrill the aviation enthusiasts of Kingston with his parachute drop, but weather permitting he will make two jumps this week end, one on this evening at 7:30 and one Sunday evening at 7:30.

It is expected that there will be a large number of planes at the field over the week end to carry passengers. The management of the field hope to have the large monoplane again on the field Sunday but as yet are not certain whether the owner of the plane will be able to get here this week or not.

## RECENT ACTIVITIES OF LOCAL W. C. T. U.

The May meeting of the local W. C. T. U. was especially inspiring with the Mothers' Day thought emphasized.

Ensign Van Sickle, local Salvation Army leader, was introduced by Mrs. John Steketee. He paid a very special tribute to his mother, accrediting her with his choice of a Christian life and leadership. He then spoke of the extensive and intensive work of the Salvation Army. Homes in New York city for licentious children and also for aged couples being mothered by the Salvation Army. During the past year they have reached and converted 67,000 people in New York state as a result of street corner work, song and prayer, and 6,000 cases have passed through childbirth at the New York Salvation Army Maternity Hospital. These forlorn cases averaged fourteen years of age, all of whom they have tried to teach the better life.

In Kingston the Army has ten cases of prisoners on parole this year, for whom Ensign Van Sickle is obliged to make monthly reports. He was most encouraging over the great improvement due to the 15th amendment. He said: "Conditions are a thousand times better than they were before the 15th Amendment was adopted."

The Army has as a part of its program a "Missing Friends Bureau." They also are trying to convert the teen age as well as older persons for Christian living, as they believe an ounce of prevention is worth a pound of cure.

Following Mr. Van Sickle's rousing speech, Mrs. Frank Kieffer sang artistically "That Wonderful Mother of Mine" and "This is My Father's World," with Mrs. Mullen as her accompanist.

A representative delegation of Hurley women were the guests of the afternoon.

Mrs. Quimby, Miss Ellsworth, Mrs. Slikworth, Mrs. Van Kleeck and Mrs. Keefe attended the spring conference held May 21, at Milton.

## BABY PAGEANT DURING FIREMEN'S OLD HOME WEEK

Firemen's Old Home Week will be one gala event for the citizens of Kingston and vicinity during the week of July 1 to 6 and will be one of the biggest events of its kind ever attempted in this section of the country under auspices of Excelsior Hose Company.

One of the Exploitation features of the coming celebration is the 100 per cent Perfect Baby Contest Pageant which will embrace numerous contests which will interest the entire population of this section, due to the many novel features combined therein.

Miss Byrne to Receive Degree.

Miss Marion Byrne, daughter of Mr. and Mrs. James Byrne, of this city, will receive the degree of Bachelor of Literary Interpretation from Emerson College of Oratory, Boston, on May 29. Miss Byrne is a member of the Zeta Phi Eta sorority and recently took part in the play given by the Zeta Phi Eta Theatre. Miss Byrne has a part in the commencement pantomime "Chand D'Habits."

## GUEST WILLIAMS ENTERTAINED AT A DINNER WEDNESDAY

The former old F. O. Norton office building at Binnewater has been turned up and remodeled into a modern restaurant and boarding house and has been leased by Gust Williams to Mr. Lundberg. Mr. Williams, who is developing the tract of land at Binnewater which he recently acquired from the Binnewater Lake Ice Company, entertained a party of Kingston and out of town business men at a dinner in the Lundberg restaurant Wednesday evening. Among those who were the guests of Mr. Williams were K. H. Wood of the Kingston Dry Dock & Construction Company, James Waters of Bergefield, N. J., William T. Willick of the Teaneck Coal & Lumber Company, John F. Hallinan of Kingston, Robert M. Prophet of Newark, N. J., A. J. Muller of Tarrytown, N. J., Mayor E. J. Dempsey of Kingston, Postmaster Silas S. Auchmoody of Rosendale, Louis Berres of the First National Bank, Postmaster W. P. Crane, Judge Joseph M. Fowler, Judge Arthur M. Agnew of Hackensack, N. J., Felix Kieditz of New Milford, N. J., O. P. Much of Teaneck, N. J., J. Zimmermann of Teaneck, J. Stevenson of Teaneck, and T. Dowling of Binnewater.

## EDUCATED GERMANS SUBSIST ON DOLES

Berlin, May 25 (AP)—Thirteen hundred "intellectuals" are dependent upon public unemployment doles for their subsistence, according to the Department for Intellectual Workers of the government labor office.

Among these poverty stricken, educated men and women are many doctors of medicine. Teachers, too, form a large part of the group, and artists and draughtsmen are numerous. That the journalistic profession is overcrowded would appear from the increasing number of newspapermen who must accept doles.

The labor office also runs an employment bureau and from time to time succeeds in finding a job for an intellectual. It is not an easy process, however.

## Pains Of Neuritis And Indigestion Are Relieved By Nu-Erb

"It Worked Wonders for Me," Says Well Known Connelly Lady In Interview.

"I have been suffering for the past three years from stomach troubles and severe pains of neuritis and after all other medicines had failed to help, the Nu-Erb has done wonders for me," said Mrs. Anna Laicher, well known lady of Connelly, N. Y. (Near Kingston).

"It may have been that the neuritis was caused by my stomach, but at any rate, it was the result of the most distressing, burning pains that I have ever experienced and there was just nothing that seemed to help it any, it kept me awake nights and seemed to work so with my nerves that at times I would almost feel like screaming out loud. In addition to this I suffered continually from indigestion and gas formations in my stomach. I'd get severe dizzy spells and dark blinding spots seemed to float before my eyes.

"I had heard a lot about Nu-Erb but it was not until I read of it helping a case similar to mine that I decided to try it. My only wish now is that I had used it before for in less than two weeks that terrible pain of neuritis had entirely disappeared and I have not been troubled with it since. This splendid medicine has also given me wonderful relief from the indigestion and gas in my stomach. It has put an end to the dizzy spells and spots before my eyes. My nerves are stronger than they have been for years and I sleep soundly at night. I am very thankful for having found such a medicine as Nu-Erb and I can honestly recommend it to anyone who suffers in this way."

THE NU-ERB MAN.

mend it to anyone who suffers in this way."

Sufferers from stomach disorders, weakened kidneys, sluggish livers, constipation, nervousness, headaches or rheumatic pains would do well to follow Mrs. Laicher's example and give Nu-Erb a trial. It is a pure compound of nature's own herbs, roots, barks and leaves so formulated to give quick relief to such ailments and help sufferers.

McBride Drug Store, 312 Wall St., is headquarters in Kingston for Nu-Erb. Go see the Nu-Erb man now making his headquarters there and let him explain to you the merits of this remarkable medicine.

## National Huguenot Memorial Hall

Will Adjourn Church of the Huguenots at Huguenot Park, Staten Island—Will Be Used By Patriotic Societies.

Each year on the last Sunday of May at 2:30 o'clock in the afternoon, the Huguenot Day of Remembrance is celebrated in the National Memorial Church, Huguenot Park, Staten Island, N. Y. This year at the annual service on May 26, announcement will be made of plans for a \$75,000 Memorial Hall to be built adjoining the church in further recognition of the great contribution to the life of America made by men and women of Huguenot descent.

The National Huguenot Memorial seeks to keep ever fresh and vivid the heroic story of the exiled French Huguenots who, with their comrades in faith, the Walloons of southern Belgium, came to America early in the 17th century. They formed many settlements along the Atlantic coast, from Maine to South Carolina, and mingling with the English and Dutch, helped to shape the character and ideals of the American people.

Program of Exercises.  
Dr. Charles S. MacFarland, Senior General Secretary of the Federal Council of Churches, will deliver the address of the day. Greetings will be brought from representatives of several Huguenot groups, including John Le Nord Merrill, President-General of the National League of Huguenot Societies; Dr. William J. Schiefelin, President of the Huguenot Society of America; Merritt G. Perkins, President of the Huguenot Society of New Jersey; and Dr. John Baer Stouff, Chairman of Executive Committee, Huguenot Society of Pennsylvania. It is expected that some five to seven hundred visitors will be in attendance.

The Church of the Huguenots at Staten Island was built in the same locality to which many Huguenot refugees fled in pioneer days and was dedicated in May, 1924, as a National Monument commemorating the three hundredth anniversary of the settling of French and Belgian Huguenots in America.

An Annual Day of Remembrance has been observed in May each year since, as suggested by Dr. Henry E. Cobb in the dedicatory sermon. The new Memorial Hall sponsored by the Huguenot Society of America, will be an additional tribute, enshrining in a series of symbolic arches and windows, the memory of Huguenot martyrs and leaders and of American pioneers and families descended from these lovers of liberty.

Chief Feature of Hall.  
The chief memorial feature of the hall will be a series of arches and windows extending the length of the main building on both sides. Each Memorial Arch will typify values which America has received from her citizens of Huguenot blood who have been leaders in some special field of human achievement. The large windows beneath the arches will give the names and chief facts concerning the men thus commemorated.

The hall has been designed by Ernest Flagg, the architect of the Huguenot Memorial Church, whose genius has contributed so greatly to American architecture. Among his outstanding works are the U. S. Naval Academy at Annapolis, the Corcoran Art Galleries in Washington and the Singer Building, the first of the tower sky scrapers.

Mr. Flagg has recently published a book embodying his researches in the field of Greek art. He has made the notable discovery of a central rhythmic principle of design giving unity and proportion to these beautiful poems in stone. The proposed Huguenot Hall will be the first building planned by Mr. Flagg in which this central feature of Greek art will reappear in a monumental structure.

Some Famous Huguenots.  
Some of the famous men of Huguenot blood who have enriched American life are: Paul Revere, Alexander Hamilton, Henry David Thoreau, John Jay, Matthew Vassar, Steven Girard, Nathan Hale, Stephen Decatur, Whittier, Longfellow, and Presidents Tyler, Garfield, Roosevelt and Taft.

There will be an Arch of the Statesmen and Patriots, an Arch of the Poets, and so on through the series of ten memorials. Founders gifts are now being sought. \$5,000 being the amount needed to erect one of the memorial arches.

The Hall itself will be used for meetings of Huguenot groups and for other patriotic and civic societies. It will also give the Church of the Huguenots a parish hall, thus adding greatly to the effectiveness of its growing community work.

Plans for the erection of this Huguenot Hall of Fame are being made in constant cooperation with leaders of the National League of Huguenot Societies, and with the aid of an advisory committee. The direct promotion of the Memorial is under the charge of the pastor of the church, the Rev. Henry D. Frost, at Huguenot Park, Staten Island, N. Y. The Church of the Huguenots is located on the historic Amboy Road, at the corner of Huguenot avenue, on the South Shore of Staten Island, about ten miles from St. George and four miles from Perth Amboy.

COME ACROSS CONTINENT TO CELEBRATE BIRTHDAY.

Mr. and Mrs. Arthur Farrar of California are expected to arrive here Sunday to visit his mother on her 72nd birthday. They also will visit his three sisters, Mrs. A. Condon, Mrs. H. L. Gibbons and Mrs. Herbert Smith, all of Kingston. Mr. Farrar has made marked progress as a realtor in California. His daughter, Florence, and son, Arthur, who are attending the University of California, were unable to accompany their parents on the trip.

## Rapid Hose Co. Minstrel Program

The first annual minstrel show of Rapid Hose Company, No. 1, will be held in Kingston High School Auditorium Monday and Tuesday evenings, May 27 and 28, when it is expected the spacious hall will be crowded to capacity.

A new program bristling with humor, snappy song hits and dancing, in the form of old time minstrelsy, which has been arranged and directed by Eddie Barton, old time theatrical performer, will be presented. Harry Matseholder's orchestra will accompany the show. The program is as follows:

Part One.  
Grand original First Part, "The Harmony Firemen," Harry Linton, interlocutor.  
Opening Chorus, Melody of Songs, Entire Company.  
Soprano, "The Man With the Hammer and the Hose, You Tell Me Your Dream, Down South, arranged by Harry Matseholder and Edward V. Barton.  
Down Among the Sugar Cane, George Schatzel.  
Old Fashioned Lady, Harry Linton.  
Rhythm King, John Fisher.  
Sleep, Baby Sleep, Albright.  
I, Myself and Me, George Lewis.  
Dream Mother, Chester Fox.  
Entrance of Premier Ends, Zeke Boss and Frank Oulton.  
Button Up Your Overcoat, Edward Burns.  
I Get the Blues When it Rains, Thomas Noble.  
I Ain't Got Enough to Pass Around, John Doolin.  
My Mother's Eyes, Thomas Daley.  
It Ain't No Fault of Mine, Ray Schatzel.  
Glad Rag Doll, Thomas Stenson.  
Etiquette Blues, Frank Oulton.  
I'll Forget You, Henry Peskile.  
Goodness, Gracious Gracie, Zeke Boss.  
Closing Chorus, Dream Train, Entire Company.

Part Two.  
Selection, Caressing You, Matseholder's Orchestra, featuring John Emmet and his Vibraphone.  
Dance Specialty, Miss Lillian Werner and Roger Keough.  
Vocal Selections, Fire Chief Joseph L. Murphy.  
Two Gobs, Thomas Stenson and Eddie Crane.  
Recitation and Dance, Joe Mitchell.  
The Strutt Family, Zeke Boss, Eddie Barton and John Doolin.  
Pride of the Rapids, Drill, Entire Company, led by Frank Strubel, foreman; Monty Bailey and Ken Geary, assistants.  
Closing, We'll See You in Our Dreams, Chorus.

Members of the chorus are: Walter Albright, Miffred Buddenhagen, Jacob Camp, La Mont Gidney, Harry Gronemeyer, Nicholas Huber, Joseph Huber, William Jordan, Walter Kirchner, Ray Luedtke, William Mooney, John Myers, William Norton, Jacob C. Port, Girard Pardee, George Pardee, Frank J. Sass, Fred Sharp, Harry Short, Thomas Smith, Jacob Snyder, John Tremper.

## Acquires Rare Antique Bowl

Punch Bowl of Early Period Was Originally Owned by Pilot Commissioner of New York Harbor—Has Interesting Designs.

Aaron Cohen, who for many years has been a collector of antiques, has acquired recently a piece of china which is one of the prizes of his large collection. It is the Perseverance punch bowl, a large earthen bowl which is very handsomely inscribed and bears several pictures both inside and outside the bowl. This piece was originally owned by Captain William B. Hilton, former pilot commissioner of New York harbor, and from him has been handed down until it came into the possession of Mr. Cohen.

Inside the bowl is a large colored print of the Perseverance, one of the ships sunk during the Revolution. Inscribed on the punch bowl are the words "Success to the Perseverance" and about the top of the bowl are various reproductions of arms and other appurtenances. On the outside of the bowl is a portrait of Benjamin Franklin, also a picture of "His Excellency General George Washington, Marshal of France and Commander in Chief of all North American Continental Forces." This picture is one of Washington mounted and with a battle scene for a background. There is also an emblem and the inscription "By virtue and valor, we have freed our country, extended our commerce and laid the foundation of a great empire."

Mr. Cohen has a record of the bowl as it passed from Captain Hilton down through several owners until he acquired it this spring.

## What Congress Is Doing Today

By the Associated Press.  
Senate continues census-reapportionment debate.

House continues consideration of tariff bill amendments.

House ways and means committee considers amendments to tariff bill.

Senate and house farm bill conferees make fifth attempt to agree on debenture plan procedure.

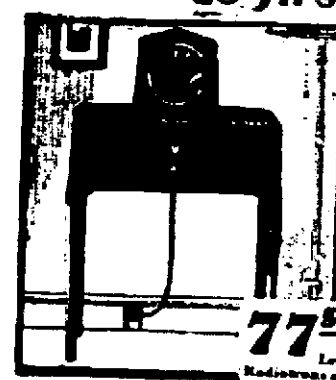

Senate sub-committee hears final arguments of counsel for William B. Ware against claims of William B. Wilson for Pennsylvania senate seat.

### FEDERAL SLAUGHTER HOUSE FOR DELAWARE COUNTY

Delaware county is soon to have a new institution, a federal slaughter house, which will be located in the T. O. Smith country plant just below South Kootenay village on the line of the Uster & Delaware railroad. The men who are backing the project which bears the name Delaware County Packing House, Inc., include Henry Clark, president; William Clark, vice-president; R. W. MacFarland, secretary and treasurer, and Cyrus Nichols, a New York commission man. The nearest other federal plants are located at

Kingston and Albany.

## Church And School Notes

(By The Associated Press)

Albany, N. Y., May 25 (AP)—Miss Helen M. Hamilton of Jamestown has been elected president for 1929 of the Young Women's Christian Association at Alfred University, succeeding Miss Ada M. Mantana of West New York, N. J.

Dr. Robert Riegel, professor of insurance and statistics in the Wharton School of Finance, University of Pennsylvania, has been appointed professor of statistics and director of business research in the school of Business Administration, University of Buffalo. Dr. Riegel will assume his new duties in September.

Work is progressing rapidly on a new Roman Catholic Church of the Holy Name at Ausable Forks, under general supervision of D. D. Kieff of Watertown, architect. The church is of Tudor-Gothic architecture.

Courses in art will have substantial space in the curriculum of the summer session of the University of Buffalo, according to Clarence H. Thurber, director.

The summer session has been experimenting with courses in art. Dr. Thurber said, and this year will provide 10 such courses under general direction of Miss Elizabeth Weiffenbach, head of the drawing department of Lafayette High School, Buffalo. The courses will include commercial design; advanced commercial design; pencil technique; landscape painting; color craft and perspective; design and color, and high school methods.

Bishop Francis J. McConnell, president of the Federal Council of Churches of Christ in America, will preach in Glens Falls on Friday, June 7, in connection with the dedication of the First Presbyterian Church of that city. The entire week of June 2 will be devoted to the dedication services.

On Wednesday, June 5, there will be addresses by the Rev. Paul R. Hickok, pastor of Forest Hills Presbyterian Church, Newark, N. J., and the Rev. William H. Hopkins, minister of the First Presbyterian Church, Albany.

Dr. McConnell's sermon will be delivered on Interdenominational Night and on Sunday, June 9, at the actual dedication services. The Rev. William Plerson Merrill, pastor of the Brick Presbyterian Church, New York city, will preach in the morning and the Rev. Cleveland B. McAfee, professor at Chicago Theological Seminary, in the evenings.

Ground has been broken for the \$1,000,000 Burgard Vocational School in Buffalo, in the site presented to the city by Henry I. Burgard.

The building will be Gothic in architecture, and will contain in the front section, classrooms for the teaching of academic subjects, and at the rear, shops for practical work. A ramp will permit automobiles to be driven to any floor of the building. Space will be provided for the teaching of airplane construction and work on plane motors. Printing shops and pressrooms will be among the features of the building.

The largest class in the history of Hobart College will be graduated next month at the 104th commencement exercises.

Governor Franklin D. Roosevelt will be the commencement speaker and the baccalaureate sermon will be preached by the Rev. Lawrence MacLure, rector of Grace Church, Newton, Mass., a graduate of 1881.

Miss Anna C. Shridan, who has taught in one Cohoes public school for the past 42 years, has submitted her resignation, effective June 1.

The War Department has loaned \$35,000 worth of aircraft equipment to the Elm Vocational High School at Buffalo for educational purposes in connection with the aviation courses offered by the school, according to an announcement by the New York State Education Department.

The loan includes a captive balloon, five Liberty motors and a collection of aircraft parts and material. The school operates two flying clubs and is planning a third. The students use two planes which are kept at the municipal airport. Since the first plane was acquired by the school it has been in the air more than 360 hours, covered 35,999 miles and made more than 2,500 landings without accident.

The State Education Department has announced that the course for school nurses at the New York State College for Teachers at Buffalo is to be enlarged this summer.

The course will be planned particularly for those nurses teaching or preparing to teach the Red Cross certificate course in home hygiene and care of the sick. Work will include study of the health problems of the individual, the home and the community, with demonstrations and student practice work.

Officials of the department assert that similar work is offered in cooperation with the American Red Cross in only three other colleges in the United States: the University of California, Colorado Agricultural College and Pennsylvania State College.

Light Reading for Miss

Robert Natural Scientist (to read) — Mary, have you been borrowing my books from my library? I saw a volume on "The Moleculary of Glaciation" by Prof. Herr Thierckitz, is missing—London Opinion.

## Flashes of Life Sketched in Brief

(By The Associated Press)  
New York—Adolph Lewisohn, philanthropist, who will be 84 years old Monday, has one more. His wife, who is 80, died last night. He was born in 1845 in Poland. He was president of the United States National Bank, and was one of the largest contributors to the building of the Metropolitan Museum of Art.

New York—Described as having contributed more than other New Yorkers for the entertainment and richness of life, Mrs. Ruth Baker Pratt, member of congress, has been awarded a bronze plaque by the Town Hall Club.

Geneva—The world is better off than in pre-war days, in the view of the League of Nations. A committee of experts has produced a report that the production of foodstuffs and raw materials is 21 per cent more and the population is increased only nine per cent.

New York—It seems some Ameri-

can farmers are adopting the wooden shoe of Holland. A reader wrote the Herald-Tribune that one Jacob Van-Horn, native of Holland, found that orders were being sent to the Netherlands, so he started a factory right in the Iowa corn belt. He ships out of cottonwood or willow and ships them to all parts of the country.

Newport, R. I.—It is illegal to keep old corn in this fashionable seaside resort. Or anywhere else in the state for that matter. This has brought to do with society's private stock. Seven farmers in Newport county have been haled to court for having last year's corn stalks. Possession of such was forbidden by the legislature in an effort to fight the corn borer.

Poplar Bluff, Mo.—A juvenile shell game has had a serious development. Some children were playing hide the pea. Five-year-old Maxine Webb won. She hid it so successfully that it took an operation in a hospital to extract it from her ear. She is recovering.

Mentlo Park, N. J.—There's perturbation in the postoffice here. The first two-cent stamps of the Light's Golden Jubilee issue showing an electric light brightening the world go

on sale here June 5 in the Lawlet where Edison invented the light. Ordinarily Mr. and Mrs. James F. Shepard in their little bungalow on the Lincoln highway sell about 10 stamps a day. The jubilee committee suggested a million or so be ready for June 5. "What?" Mrs. Shepard exclaimed. "All these people on my grass?"

If it's rooding—see Olson, 110 Cornell street. Phone 540.

## FIRE CHIEF MURPHY HAS SOUVENIR OF FIRE BELL

Fire Chief Joseph L. Murphy has an interesting souvenir of the city hall fire. It is a small bell of a paper weight in the shape of a paper weight. It was a small bell of a paper weight in the shape of a paper weight. It was a small bell of a paper weight in the shape of a paper weight.

placed by by the fire and he has had it reset in the form of a small bell which he will use as a paper weight in his office. The Central Fire Station. The bell was late sold for \$100 by the city authorities when it was decided that it was another relic of the old fire station.

A prohibition case against a Town Councilman, H. J. Wilson, was dismissed in the city court.

## Blaine and Aboba New Leaders in Fight a Draw In Main Armory Bout

Johnny Carpio Awarded Very Unpopular Verdict Over Corporal Muller in Semi-Final—One of Four Preliminaries Goes the Limit.

The Johnny Carpio vs. Frank Ouseman match, which drew many to the local armory Friday night, ended in a draw on a technicality. Ouseman was awarded the decision, which was given at National Guard headquarters.

Following the unpopular verdict given by Judges Tony Leto and John Von Redon after Muller had badly punished Carpio with hard jabs to the face, Johnny Blaine, 120 pounds of this city and Tommy Aboba, 118, who is an ex-bantamweight champion of the Guard, fought an eight-round draw in which there was plenty of action.

Leading up to the two eight round features were four bouts, only one of which went the scheduled limit of four stanzas. The one was the curtain raiser between Jerry Samper of Poughkeepsie and Charlie Wiggins of West Point and proved one of the toughest fights ever staged in the big drill shed by two real hard punchers. It was a draw.

Following the set-to, Jack Speers of West Point was awarded a technical knockout over Johnny Morrell of Glascow in 1:40 of the second round. Kid Buckman of this city stopped Tony Zorillo of West Point in the second round and Joie Carpio knocked out Joe Myers, both of this city, after 1:45 of the third round.

After being favored with the knockout exhibitions, Johnny Carpio, weighing 140 pounds, and Corporal Muller, who tipped the beam at 141, started their ring war that early developed into a hard punching show with Muller doing most of the landing.

The third round brought about more action than the two stanzas that preceded it and started some real mixing that grew in intensity as the fight aged. Carpio came out of his corner in the fifth and sent two rights to the corporal's head that put the regular soldier on his guard. He retaliated with two to Johnny's body that slowed the local boy up for a time.

After Carpio had started the sixth in fast style, Muller got into action as the session came near its end and worked on Johnny's face. He soon had Carpio's nose bleeding and kept pecking away at it for the remainder of the fight.

When the decision was given to Carpio, a loud "boo" came from the crowd of fans, some of whom started a little war of their own in one corner of the armory, but things were quieted shortly by National Guardsmen.

Then came the Blaine vs. Aboba fracas that gave the fans plenty of action. Blaine started out by flooring the little Filipino for the count of nine, the first that the former champ had ever gone to the canvas in the local ring, where he has met some of the Guard's best men. But Tommy recovered quickly and arose to conduct a close-quarters set-to with Johnny.

In the third and fourth the battle was interesting although the stanzas were not as fast as the two that preceded. The fifth began to tell on Blaine, who is not as accustomed to the long route as Aboba, and the Filipino got to him quite often. Near the end of the round Blaine sent a hard right to Tommy's jaw that rocked the rugged little yellow man. After a slow seventh the boys came out for plenty of action in the last round when they tried for a haymaker.

The Samper-Wiggins bout, the only four rounder on the card to go the limit, pleased the fans very much. Both boys, southpaws, began to pound each other in the first round and kept up the attack until the final clang from Matty Dence's big gong ended the session. It was a draw.

After Joie Carpio was awarded the decision over Joe Myers on a technicality, the latter having dropped to the canvas from a right to the stomach, that climaxed nearly three rounds of even milling. Kid Buckman and Tony Zorillo took the floor.

The two boys were very cautious in the first round, but after Referee Dan Florio warned them they conducted a hammer and tongs affair in which Buckman slipped a hard one to the chin of his husky opponent and ended the bout in the second stanza.

Jack Speers of West Point was too much for Johnny Morrell of Saugerties and the bout was stopped in the second after Speers floored his opponent twice.

Eddie Scherer did the announcing in place of Sam Riber, who has moved from Kingston, and proved popular in the role.

A card of bouts will be held on Friday night, May 31, at the armory, but no matches have been made yet.

**Finals in Women's Golf.**

Greenwich, Conn., May 25 (AP).—The champion and the tournament medalist—Maureen O'Connell and Helen Hicks—were matched today in the final round of the Women's Metropolitan Golf Championship. Thirty-six holes of play were to decide whether Miss O'Connell was to win the title for the fourth consecutive year or whether Miss Hicks, youthful Hemstead star, was to capture it for the first time in her brief sensational career.

**German Open Golf.**

Berlin, May 25 (AP).—Five Americans were in the field of 52 competing for the German open golf championship starting here today.

Chicago, May 25 (AP).—Bill Kamm, Chicago White Sox third baseman, was at the pinnacle of the American League batting list at the end of the fifth week, according to unofficial averages including play to Wednesday games.

Hammering the ball consistently, Kamm, batting .347, added eight points to bring his average to .350, and displaced Charlie Jamieson, Cleveland veteran who dominated the group for three weeks. Jamieson's average fell 51 points during the week, dropping him to fourth place with .338. Bob Fothergill, Detroit outfielder, had the same figure as Kamm, but had played in a little more than half as many games.

Other batting leaders were: Fox, Philadelphia, .331; Fonseca, Cleveland, .322; Jamieson, Cleveland, .322; Heilmann, Detroit, .316; Gehring, Detroit, .312; McManus, Detroit, .306; Cochrane, Philadelphia, .299; Clancy, Chicago, .296; R. Johnson, Detroit, .296.

With eight players batting .322 or better, the Detroit Tigers retained the lead in team batting with a mark of .319. Detroit sagged seven points during the week, but had plenty to spare over the Athletics, who remained in second place with .297, the same figure as a week ago. The slumping Yankees were tied with Cleveland for fourth position at .274.

Old George Uhle of the Tigers won another game during the week to remain at the peak of the pitching list. Uhle in the first five weeks of the season has won seven games in as many starts without relief. Robert Moses Grove, of Philadelphia, scored two victories for a record of six wins and one defeat and was far in front in strikeouts with 47.

Eddie Rommel, of Philadelphia, and Rip Collins, of the Browns, each added a triumph for three straight. St. Louis replaced Washington as fielding leader, with an average of .977, four points better than the Senators, who were in second place. Detroit was in seventh place with .962. Cleveland continued to set the pace in double plays, collecting six during the week to bring its total to 37. The Indians, however, were in last position in club fielding.

Other leaders: Home runs, New York, 26; individual home runs, Gehrig, New York, 9; triples, Blue St. Louis, 4; doubles, Kamm, Chicago, 15; stolen bases, Gehring, Detroit, 8; Johnson, Detroit; Averill, Cleveland, 5 each; runs batted in, Heilmann, Detroit, 34.

## Tagging Major League Bases

By William J. Chipman, Associated Press Sports Writer

With hardly anything but the game's outcome at stake, the Tigers and the White Sox punched and jabbed at each other for twenty-one innings at Comiskey Park yesterday, thereby removing the spotlight from the efforts of the Athletics to lap the field. The Tigers won the marathon by 6 to 5, and did regain a virtual tie with the Yankees, but both clubs stood five games behind the flying Mackmen today.

Ted Lyons went the route against Detroit, and George Uhle pitched twenty of the twenty-one innings. The veteran Detroit right-hander gave way to a pinch runner in the twenty-first round, but received credit for the victory, his eighth in succession this season. Lil Stoner finished for him.

The game was three rounds short of the American League record and five below the memorable draw played by the Braves and the Robins on May 1, 1920. Only four contests ever went longer than the Detroit-Chicago battle, however—the two record clashes and a pair of 22-inning games in the National League.

The Athletics are rapidly growing into as great a menace to the peace of seven American League clubs as the Yankees were for three seasons. The flying Mackmen made it nine in a row yesterday by cuffing the Senators 10 to 3, at Shibe Park. Fox, Simmons and Cochrane went on a home run spree after Cronin had hit one out of the lot for the Senators.

The Red Sox helped the Mackmen cause by whitewashing the Yankees, 5 to 0, at the Fenway. Danny MacFadden gave the champions just four hits and never was in danger. Herb Pennock held the Red Sox scoreless until the sixth when five singles and an error by Combs sent him from the mound. It was the first shutout of the Yankees this season.

The Browns kept pace with the Athletics by trouncing the Indians, 5 to 0, at Cleveland. Sammy Gray gave seven scattered hits.

The battle for leadership of the National League swung back to the favor of the Cubs yesterday, despite two home runs by Jim Bottomier. The men of McCarthy assaulted Willie Sheard in the eighth as Willie right-handed slugger might be expected to slay a southpaw—but as Clarence Mitchell a day earlier. The result was three runs for the Cubs and a 5 to 1 decision which returned them to the lead by half a game.

The Giants extended their winning streak to three consecutive games by judiciously bunting their hits against the Braves at the Polo Grounds. Most of the Giant offensive was concentrated in two big rounds, and the clan McGraw won rather handsily by 7 to 3.

The Robins shaded the Phillies by 2 to 2 at Ebbets Field in the remaining National League combat. The Cincinnati-Pittsburgh game was postponed because of rain.

Gov. Henry S. Caulfield of Missouri has been asked by the American Legion to designate the first week in July as state aviation week.

## Averages in the National League

New York, May 25 (AP).—Frank O'Doul, the slugger, Philie, is back in the van of National League batting averages with a mark of .412, according to averages issued today and including games of last Wednesday. Andy Huth of St. Louis and Harvey Hendrick are crowding him, each with a percentage of .407.

O'Doul also sets the pace in runs scored with 32, while Babe Herman of Brooklyn has the greatest total of hits, 47. Frank Frisch of the Cardinals has hit twelve doubles and five triples to lead in those departments, with Melvin Ott in front in the home-run race with ten, the highest total in either league.

Chick Hafey of the Cardinals has batted in the greatest number of runs, 50, while Evan Swanson of Cincinnati leads in steals with nine.

Following the three .400 sharpshooters in the individual batting table are these regulars—Frisch, St. Louis, .388; Herman, Brooklyn, .385; Stephenson, Chicago, .377; Cuyler, Chicago, .376; Klein and Friberg, Philadelphia, .374; and Douthitt, St. Louis, .371.

Burleigh Grimes of Pittsburgh continues to set the pitching pace, now with six victories and no defeats. He is crowded by Jess Haines of St. Louis with five victories and Guy Bush in Chicago with four. Sylvester Johnson of St. Louis with three victories and Heane of Boston with two complete the undefeated circle.

Philadelphia has taken the lead over Chicago in team batting with a mark of .320, and is the only club in the charmed circle. The Cubs are now hitting just .294, only six points above the Cardinals. The Cubs lead in team fielding by a margin of .974 to .973 over the Giants. The Braves, who have kept up in the race partly because of their smart work field, are only one point below the Giants.

## Industrial League Game Washed Out

Rain halted the game between the Columbia-Talcott and Hercules in the third inning Friday evening at the Athletic Field. The Co-Talcott combination was leading, 2-0, when the heavy downpour came. Monday evening the Gasco's will meet the newly formed combination of Dwyer-Manhattan. Jimmy Doyle is slated to toss them over for the game; Joe Coughlin for the new combination.

## Tilden to Quit International Play

New York, May 25 (AP).—Big Bill Tilden will bid good-bye to international tennis competition when the current season is over. After ten years of serious tennis filled with dramatic victories and equally dramatic defeats, Tilden finally has decided he has had enough.

The lanky Philadelphia, six times holder of the national title, bulwark for years of American Davis cup teams, a dominant figure season after season on foreign courts, announces his approaching retirement from international play in an article, written by himself, in the June 1 issue of the magazine "Liberty."

Although ready to quite international competition, Big Bill disclaims emphatically any intention of quitting the game, which he said he would play as "long as my two wabbling legs will function, my aged and enfeebled arm will swing, and my age-dimmed eyes can see a ball." The Philadelphia added his status would continue to be amateur and that he had no thought of turning professional.

Tilden hopes to fill in his time with tennis exhibitions, with stage work and with newspaper articles. Behind him Tilden will leave a legacy of wishes as yet not entirely fulfilled.

"I hope to see the Davis cup back in the United States. I hope to see Wilbur F. Coen, Jr., champion of the world. I hope to see a real solution of the amateur problem. But above all I hope to see tennis played and played and played."

## Games Sunday on Local Diamonds

It is hoped that the weather man will favor local ball clubs with sunny weather on Sunday, when some fast tilts are scheduled to be played on local diamonds. Kingston fans are expected to turn out in large numbers to witness the games slated for 3 p. m. as follows:

Colonials vs. New York Colored Giants at the Kingston Fair Grounds. Pan-Ams. vs. Koenigs at the Saugerties road diamond. Batteries—Pan-Ams., Carpenter and Hoffman; Koenigs, Lewis and Diddik.

Roadout A. C. vs. Fro-Joys of Newburgh at Block Park. Batteries—Roadouts, Peters and Dulin, with Coughlin and Doyle as reserve moundsmen; Fro-Joys, Edwards and Smith.

Clermonts vs. Blue Sox at Hasbrouck Park. Batteries—Clermonts, Sinsapugh and Hochstetler; Blue Sox, "Flipppo" Komosa and Tomashek.

**FIGHTS LAST NIGHT**

(By The Associated Press.)

Boston—Tommy Loughran outpointed Ernie Schaaf, Boston (10).

Davenport, Iowa—Mike Dundee, Rock Island, Ill., outpointed Harry Forbes, Columbus (10).

Chicago—Jerry (Tuffy) Griffith, Sioux City, outpointed Al Friedman, Boston (10). Jackie Fields, Los Angeles, outpointed Clyde Chastain, Dallas (10).

Erie, Pa.—Billy Jones, Philadelphia, outpointed Tiny Debolt, Cleveland (10).

Ottumwa, Iowa—Tommy Maroon, Kansas City, knocked out Sonny Lloyd, Chicago (9). Hymie Wiseman, Des Moines, outpointed Steve Ketchell, Kansas City (8).

Hollywood, Cal.—Ace Hudkins, Lincoln, Neb., stopped Tom Moore, Long Beach, Cal., (3).

San Francisco—Jimmy Evans, San Francisco, outpointed Billy Light, St. Paul (10).

**KOENIG ALL-STARS TO PLAY PAN-AMS SUNDAY.**

The Koenig All-Stars and the Pan-Ams will play the first game of a three-game series Sunday at the Pan-Am diamond on the Saugerties road. The game is scheduled to start at 3 o'clock.

The Koenig's Kandy Kids will use the following lineup against the Oil Men: Carter, 1b; Davitt, 2b; Boots Leslie, ss; Stan Wojcik, 3b; Lefty Williams, lf; Keegan, cf; Tommy Lewis, rf; while Manager Williams has a choice of pitchers to choose from Deway Van Buren, Nick Huber, Tommy Lewis, Les Casnitz, Diddik will do the receiving.

The Pan-Ams will use either Johnny Carpenter or Johnny Celnach in the box. Smodes will do the receiving.

This game should provide plenty of thrills as the Koenigs have many men from last year's Blue Sox team and they are anxious to meet the Pan-Ams to settle the dispute for supremacy.

**GRIFFITH INJURED HAND IN BOUT WITH FRIEDMAN.**

Chicago, May 25 (AP).—Jerry Tuffy Griffith of Sioux City, Iowa, was nursing a damaged right hand today that may force the postponement of his proposed championship match with Tommy Loughran, world's lightweight titleholder.

## Loughran Wins Over Schaaf

Boston, May 25 (AP).—Tommy Loughran, light-heavyweight champion, today appeared entitled to rank himself as a serious contender for higher title honors as a result of his victory over Ernie Schaaf of Boston, easily a front-rank heavyweight.

Loughran's wonderful left jab kept the Bostonian far enough out of balance to prevent him from landing a knockout punch and this weapon appeared impressive enough to be effective against any of the prettier heavyweight crop. Loughran has admitted that he intended to quit the 175-pound class after defending his title against Jimmy Braddock next month.

Schaaf fought a well-planned battle last night. He centered on the champion's body during the early rounds and succeeded landing many stiff punches. These were hard enough toadden Loughran's body, but they failed to prevent the latter from ripping in his vicious left, the blows which piled up the winning lead.

Loughran was in difficulty only in the fourth and tenth rounds. In the former session, Schaaf landed a hard left hook to the jaw, a blow himself out of danger. In the final round, when Schaaf was straining for a knockout, Loughran appeared in danger. Instead of holding, the champion tried to slug with his heavier opponent.

He lashed out so furiously that Schaaf was unable to aim his left on a vital spot and, though Loughran lost this round, he was able to take his setback gracefully.

Loughran weighed 155 pounds for Schaaf, the heaviest poundage of his career. Schaaf had only a five-pound advantage. The titleholder claimed his extra weight had no effect on his speed and his action bore him out.

Schaaf appeared impressive, even in defeat. He was aggressive throughout last night's battle and the only factors that prevented him from attaining his knockout ambition were Loughran's left jab and his ability to go away with almost every punch, a trick which should prevail against any of those seeking Gene Tunney's vacated title.

## News of the Day

News of the Day. The total yield of 11 United States sugar refiners from January 1 to May 18 was 1,900,000 long tons, against 1,450,000 tons from January 1 to May 18, 1928. Deliveries were 1,450,000 long tons, against 1,350,000 tons in the 1928 period.

Electrical world reports orders for electrical equipment were more numerous in the past week, with both power companies and industrial in the market for supplies.

A banking syndicate has purchased for public offering within the next few days an issue of \$8,825,000 Southern Pacific Company's equipment trust 1 1/2 per cent certificates, maturing June 1, 1939 to 1944, inclusive.

Production of farm equipment during 1928 totaled \$22,445,464, compared with \$46,881,111 for the year 1927.

The Amnux Petroleum Corp. next week will issue 75,000 shares of \$5 par common stock at \$4.50 a share. The corporation has interest rights in several parts of Mexico.

U. S. TENNIS STARS LEAD 2 SETS TO 1, OVER JAPAN.

Washington, May 25 (AP).—Enjoying a lead of two matches to one, John Hennessey and John Van Ryn, young American Davis Cup Tennis Stars, were comfortable—though not safely—advanced today in their effort to repel Japan's contestants and remove the spectre of elimination from their path toward a challenge to France for the trophy.

The masterful stroking of Yoshio Ohta, captain of the Japanese team and winner of a thrilling five set triumph over Van Ryn in yesterday's play of the American zone semifinals, brought fear to American tennis followers, who had anticipated a fairly easy triumph for the New Jersey youth, the score was 6-4 5-7 2-6 4-7 5. Van Ryn's victory in the doubles with Hennessey against Ohta and Tamio Abe, however, did much to allay anxiety.

Their score was 6-3 6-4 6-2. Abe was assigned the first of today's two concluding singles matches, against Van Ryn, with Hennessey pitted for the final against the hard-driving Ohta. One more victory is required to give America the right to meet Cuba in the American zone finals at Detroit May 30.

SPANISH-DUTCH TEAM WINS IN FRENCH TENNIS.

Paris, May 25 (AP).—The first title to be decided in the French Tennis Championships was won today by the crack women's double team of Ella De Alvarez of Spain and Kees Bouman of Holland.

Playing with the same irresistible power with which they eliminated America's hopes, Helen Wills and Edith Cross, and the defending champions from England, the Spanish-Dutch combination today won the final from the Misses Bobbie Heine and Ethel Neave of South Africa, 7-5, 6-2.

Art Shires Reinstated.

Chicago, May 25 (AP).—Art Shires, White Sox bad boy, who was suspended for insubordination more than a week ago, apologized yesterday to Manager Lena Blackburne for his actions and was reinstated.

London—Premier Baldwin expresses national thanksgiving for king's recovery.

Sports: Washington—U. S. takes lead in Davis Cup series against Japan.

Evanston, Ill.—Eddie Tolán, negro, of University of Michigan, equals world's 100-yard dash record.

Indianapolis—Carl Marchese, racing driver, at practice, has narrow escape as wheels skid on oil spot on track.

News item: A chimpanzee eats as much a day as will feed an average American family for a week.

"Well," sighed the Father of Five as he finished reading the item, "thank the good Lord for evolution."

"I beg your pardon, madam," a patron of the movies bent over and touched the lady in front of him on the shoulder. "but would you mind reading the sub-titles in a louder tone? The organ sometimes prevents me from hearing you!"

Jack (over the phone): "And please mail my ring back to me."

Marjorie: "You'd better come and get it; glass breaks so easily in the mail."

To the American, the sweetest music comes out of his own megaphone.

When men speak ill of you, live so that no one will believe it.

Where there's a will the won't usually keep it from having its way.

As soon as one bad account is collected another seems to take its place.

A man never thinks of his home as his castle unless he has more whiskey in it than the law allows.

Mr. Goofus—"I see by the papers that the chain stores are selling more than ever before."

Mrs. Goofus—"I don't see what people want to buy so many chains for, do you?"

Whenever medical science finds a cure for one disease two more spring up in its place.

"Business is so bad," complained the bootlegger, "that an honest man can't live."

When buying a new raincoat won't stop the rain there's no hope.

Vanity and sanity are only distantly related.

In the gloaming, oh, my darling When the lights are dim and low That your face is powdered, painted, How am I, sweetheart, to know?

Twice this month I've had to bundle Every coat that I possess To the cleaners—Won't you darling Love me more and powder less?

The customer having coughed loudly to signify his impatience, at last attracted the shopkeeper's attention.

"I want a mouse trap," he said rather sharply. "A good one, and please be quick, for I want to catch a train."

The shopkeeper eyed him coolly. "I regret, sir," he said, "that my mouse traps are not guaranteed to catch trains."

## PORT EWEN

Port Ewen, May 25.—Plans for the observance of Memorial Day in Port Ewen were completed at a meeting held in the school house of District No. 13. Besides the schools, the following organizations were represented at the meeting: Hope Temple, No. 89, Pythian Sisters; Esopus Council, No. 42, Sons and Daughters of Liberty, and Hope Lodge, No. 65, Knights of Pythias. It was decided that the pupils from the schools and members of the different organizations would assemble at the school house of District No. 13, at 8:30 a. m., daylight saving time. The parade will leave the school house at 9 a. m., sharp and proceed to the cemetery where the services will be held. The committee in charge have provided cars for the members of the G. A. R. A band has been secured to furnish music and everything possible has been done to secure the active support of every resident of the community. The services at the cemetery will be as follows: Prayer, the Rev. C. H. Polhemus. Singing, Battle Hymn of the Republic. Recitation, The New Memorial Day, by Lillian Kempf, District No. 1. Recitation, The Grand Army Button, by Gordon Clark, District No. 13. Recitation, Decoration Day, by Belle Black, District No. 1. Recitation, Memorial Day, by Lucy Conkling, District No. 13. Address, the Rev. F. C. Baker, Singing, America.

Benediction, the Rev. P. Goertz. Should the weather be stormy the exercises will be held in Pythian Hall.

The Rev. B. M. Denniston of Yonkers spent Friday with his father, T. S. Denniston, on Clay avenue, and attended the strawberry supper in the Methodist Church House Friday evening.

The annual block party of the Methodist Episcopal Church will be held Tuesday, July 9, on Main street.

The Third Group meeting of the Epworth League of the Kingston district was held today at Wittenburgh. Those who attended from the Epworth League of the Methodist Church were the Rev. and Mrs. F. C. Baker and daughter, Mae, and son, Fred, and Miss Mary F. Bishop.

Miss Grace Cormack and Mrs. Wicks, who spent a few days in New York city, have returned to their home on Broadway.

Cortland D. Shultis and Miss Edna E. Hill of Saugerties spent Friday evening with Mr. Shultis's cousin, Miss Mary F. Bishop on Broadway.

Harry Mable is employed as clerk in the grocery store of Harry Jump on Broadway.

Miss Ruth Palen of Brooklyn spent Friday evening with Mr. and Mrs. A. H. Short on Main street.

Mrs. C. Durr and Mrs. Duffner of Sleightsburgh attended the strawberry supper in the Methodist church house Friday evening.

The annual strawberry supper of the Ladies Aid Society of the Methodist Church was largely attended and the supper thoroughly enjoyed Friday evening. The entertainment was fine. Each participant acted his part well. The singing by the girls was enjoyed. Joseph Middah played with great skill on his violin. The whole affair was a social and financial success.

Hope Lodge, No. 65, Knights of Pythias, will hold their funeral services for their late brother, Robert B. Clark, at the home of the deceased on Sunday evening at 8:45, daylight saving time. The public is invited.

Church Notices for Sunday: Methodist Episcopal Church, the Rev. Frederick G. Baker, pastor. Sunday school, 10 a. m., Samuel P. Thnie, superintendent. Men's Bible class, 10 a. m., the Rev. F. C. Baker, teacher. All of the men of the congregation are invited. Morning worship 11 a. m. Sermon theme, "The Potter's Wheel." Epworth League, 6:30. Evening worship, 7:30. Sermon theme, "John Wesley."

Church of the Presentation, the Rev. Martin J. Ledy, rector. Mass 7:30-10:30 a. m. Sunday school 11 a. m.

The Port Ewen Reformed Church, "The Little White Church on the Hill," the Rev. Philip Goertz, pastor. Invites you to its services. Bible school, Charles Van Orden, superintendent, at 10 a. m. Morning service at 11 o'clock. There, "The Power of Memory." Evening service at 7:30 p. m. Theme, "The Great Rock in a Weary Land."

The man who is always smiling will bear watching.

## State Medical Society Meeting

About two thousand of the state's physicians will meet in Utica for the 123rd annual meeting of the Medical Society of the State of New York on June 3, 4, 5, 6. This is one of the most important scientific conferences held in the state. Among the subjects that will receive special consideration this year will be the care and storage of X-ray films in hospitals. The importance of this subject is emphasized by two horrible disasters within the last two years—Memorial Hospital, Albany, and the Cleveland Clinic, Cleveland.

Two other subjects, aside from those which are purely scientific, that will receive considerable attention are public health and workmen's compensation. Under the subject of public health, the most important matter at present is the promotion of plans for extending immunization against diphtheria. Without doubt, no other public health activity has had such phenomenal success. The state has never enjoyed such a low case and death rate from diphtheria since records have been kept, as it has in the last two years. Much thought will be given to the prevention and early diagnosis of cancer. Among those who will attend the conferences are: Drs. Gates, Gage, Day and Snyder of Kingston.

Extensive Larder To provide the table of a trans-Atlantic steamship with its luxuries one trip will often call for a supply of 250 turkeys, 500 pigeons, 500 ducks, 200 pheasants, 1,000 quail and five 110-pound turtles.
